III. Film Reels

Note: A portion of this footage was used in current Snyder Video Productions titles, a good portion was never used in any productions, and some of it was never viewed. These were taken by local and national photographers from the '30s through the '60s, mostly Sprints, Midgets, Stocks, and Champ Cars from many of the Northeast tracks and also a few mid-western tracks. A ? indicates that box contents have not been fully identified or dated.
